MULLAPUDI NAGA SOWJANYA

QA ENGINEER | PLAYWRIGHT AUTOMATION | JAVASCRIPT

Hyderabad, Telangana, India | +91 9347172102 | Email-ID: sowjanyamullapudi0511@gmail.com

LinkedIn: https://www.linkedin.com/in/sowjanya-mullapudi-403937438/

PROFESSIONAL SUMMARY:

QA Engineer with 4 years of experience in software testing, including 2 years of Manual Testing and 2 years of Playwright Automation using JavaScript. Experienced in end-to-end QA activities including requirement analysis, test design, functional and regression testing, integration testing, UAT, defect management and release validation. Hands-on experience developing maintainable Playwright automation using Page Object Model (POM), reusable methods, stable locators, assertions and fixtures. Experienced in API validation with Postman and Insomnia, cross-browser testing, Azure DevOps, Jira, Git/GitHub, Jenkins and Agile/Scrum. Domain experience in luxury e-commerce with regional order, payment and third-party integration workflows.

TECHNICAL SKILLS:

Automation	Playwright, JavaScript, Page Object Model (POM), Locators, Assertions, Fixtures, End-to-End Testing, Cross-Browser Testing
Manual Testing	Functional, Regression, Smoke, Sanity, Integration, System, Exploratory, UAT
API Testing	Postman, Insomnia, API Validation, Integration Testing
Defect & Test Management	Azure DevOps, Jira, Defect Lifecycle, Test Case Design, Test Execution, Test Reporting
CI/CD & Version Control	Jenkins, Git, GitHub, Azure DevOps
Platforms & Tools	SAP Hybris Commerce, Fluent OMS, Adyen, BOCC, Confluence
Methodology	Agile Scrum, SDLC, STLC, Requirement Analysis, Test Strategy

PROFESSIONAL EXPERIENCE:

CAPGEMINI | Senior Analyst (Software Engineer)

Hyderabad | September 2022 – Present

- Analyze business requirements, user stories and acceptance criteria to derive test scenarios, test cases and test data.
- Design, maintain and execute functional, regression and end-to-end test suites for a web-based luxury e-commerce application.
- Perform Functional, Regression, Smoke, Sanity, Integration, System, Exploratory and UAT testing across critical business workflows.
- Execute Production and Operational Acceptance Testing (OAT) across APAC, AMER and EMEA markets, validating regional order and payment workflows.
- Develop and maintain Playwright automation scripts using JavaScript for critical UI workflows and end-to-end business journeys.
- Implement reusable automation using Page Object Model (POM), stable locators, assertions, fixtures and reusable methods.
- Execute cross-browser tests and investigate automation failures using Playwright reports and execution logs.
- Perform API validation and support integration testing using Postman and Insomnia.
- Log, prioritize, track, retest and close defects in Azure DevOps while collaborating with developers, business analysts and stakeholders.

- Support Jenkins integration for automation execution and use Git/GitHub for version control and HTML test reporting.
- Participate in Agile ceremonies including Daily Scrum, Sprint Planning, Sprint Review and Retrospective, contributing to testing planning and estimation.
- Prepare test execution reports, daily status updates and release/sign-off communication; review peer test cases and support onboarding of team members.

PROJECT EXPERIENCE:

CHANEL – E-commerce Web Application | Luxury Fashion / E-commerce

Environment: SAP Hybris Commerce, Playwright, JavaScript, Postman, Insomnia, Azure DevOps, Jira, Confluence, Fluent OMS, Adyen, BOCC

- Validated customer journeys covering product browsing, search, cart, checkout and payment-related scenarios.
- Created detailed test scenarios and test cases from business requirements and acceptance criteria.
- Automated stable and repetitive business flows using Playwright with JavaScript to improve regression repeatability.
- Applied POM, reusable methods, locators, assertions and fixtures to maintain scalable automation scripts.
- Executed cross-browser testing and analyzed automation failures using Playwright reports and logs.
- Performed API validation using Postman/Insomnia and supported integration testing involving third-party services.
- Managed defects from identification through retesting and closure in Azure DevOps, collaborating with developers and stakeholders.
- Supported Agile sprint testing, estimation, execution reporting and release-related communication.

AWARDS & RECOGNITION

- Received a Rock Star Award for outstanding contribution to QA testing activities.
- Recognized for identifying critical defects and contributing to overall product quality.

EDUCATION

- Bachelor of Technology — Shri Vishnu Engineering College for Women, Bhimavaram
- Intermediate — Sasi Junior College, Velivennu
- Secondary School Certificate (SSC) — Sasi English Medium High School, Velivennu
